MEMORANDUM FOR: Chief, Data Management Division

THROUGH: Executive Officer, PIC

SUBJECT: Procurement of Photographic Interpretation Research
Libraries Compiled by SAC

1. During the recent Joint Procurement Committee meetings, Major Anderson told me of a library of material which he has assembled on photographic intelligence techniques, equipment, etc. He offered the use of this library to CIA/PIC, but said that he had no way of duplicating them at his facility. I asked whether it was feasible for him to lend us the material which could be brought back here, duplicated and returned. He said that this could be done.

2. As I am very desirous of obtaining this information in the near future, it is requested that one of your library liaison people contact Major Anderson, make arrangements for the loan of the material procured, see that it is reproduced, and return it promptly intact. I will be at your service for any aid that I might offer with these contacts.
